**MDC Texas Energy**

Summarized Extracts from Accounts Payable Information Provided by the Company on October 11, 2019  
10/18/2019

**NOTES TO THE FOLLOWING:**

1. Draft and Confidential
2. Subject to Material Revision
3. Aging calculated from invoice due dates disclosed in the company's Excel file provided on October 11, 2019
4. Copies of invoices, liens, and any associated correspondence between the company and vendors have not been provided.
5. Company provided information for balances outstanding on or around the end of August. No subsequent accounts payable details have been provided.
6. There are credit amounts, (i.e. negative values), included in the Excel file provided by the company. These credit amounts (ranging approximately from .3M to .4M) offset the Accounts Payable balances. Further information is required from the company to understand the nature of these amounts
7. Certain invoices may have been paid in September 2019 per the company's Excel file (less than \$3M), but it is unknown if the checks have been released to the vendors, and no new invoices have been entered to reflect any update beyond the end of August 2019
